

To Provide Children in Need With a Life-Changing Dental Experience Through The Power of Sports

Fantastic Fall Finish

It's been a fantastic fall for TeamSmile, and the energy is palpable! This season, our dedicated team has been on the move, bringing smiles to children in Milwaukee, Philadelphia, Tampa, Charlotte, St. Louis, Detroit, Arkansas, Kansas City, Indianapolis, Cincinnati, and Minneapolis. The joy of providing essential dental care to underserved children is at the heart of our mission, and we're thrilled to see the positive impact of our outreach efforts across these vibrant communities. Every smile we create is a testament to the urgency and importance of our work, and we couldn't be more excited about the difference we're making together!

With an impressive tally of nearly 300 programs under our belt, TeamSmile has had the incredible privilege of serving over 55,000 children, transforming lives through the gift of smiles! We are thrilled to celebrate the astonishing \$21 million in free dental care and oral health education we've provided, a testament to our unwavering commitment to improving children's oral health. This phenomenal success story would not be possible without our dedicated volunteers, whose passion and hard work bring joy and essential care to every child we reach. A heartfelt thank you also goes out to our valued partners—your collaboration is the heartbeat of our mission! Together, we are making a monumental impact, and we invite everyone to join us in this uplifting movement to promote children's oral health and create brighter futures together!

Check out our upcoming programs and volunteers today.

2024 Dr. William Busch Legacy Award Winner: Dr. Conrad Journee, DDS

“What a great way to share my dental talents, volunteering regularly to help kids show their wonderful smiles” Dr. Journee

About The Award

National Partner Highlight

"We are proud to sponsor TeamSmile in Massachusetts and other locations around the country as they provide oral health care to those most in need, including thousands of children. TeamSmile's program reaches the most vulnerable communities and ensures people receive dental care when they otherwise might not have access. Sun Life and DentaQuest are committed to broadening access to healthcare and helping people get the care and coverage they need."

David Healy, President of Dental, Sun Life U.S.

Based in Greater Boston for decades, Sun Life and DentaQuest, part of Sun Life U.S. know oral health care is essential to every person's total health and well-being. Yet, millions across America – and too many children – suffer from the social and economic consequences of preventable dental disease every day. Sun Life and DentaQuest have partnered with TeamSmile and its community of dentists, parents, and community leaders to make sure at-risk kids get quality care that will keep them in school, pain-free, and healthy. They work to prioritize health in our communities. This collaboration with TeamSmile is helping to meet that goal.

DENTAL HOME PROJECT

The TeamSmile Dental Home Project, powered by DentaQuest, bridges the gap between at-risk children and essential dental care resources, fostering long-term relationships with dental professionals. This initiative has already connected almost 4,000 children with a dental home within their communities, illustrating the profound and lasting impact such programs can have on the health and well-being of underserved youth nationwide. By partnering with compassionate dentists willing to accept Medicaid or provide services at no cost, TeamSmile addresses immediate dental needs and lays the groundwork for healthier futures. As we strive to expand our reach and connect even more children with dental care, the collaborative efforts of volunteers, dentists, and corporate partners remain crucial in achieving our mission of enhancing children's oral health. Together, we can create a transformative ripple effect that ensures every child has access to the dental care they deserve.

NATIONAL PARTNER HIGHLIGHT

From the very beginning, Colgate has been a steadfast partner with TeamSmile, embodying an incredible spirit of generosity and commitment to children's oral health. Their unwavering support goes far beyond financial contributions; Colgate volunteers enthusiastically engage with the kids at every program, leading vibrant and interactive education tables that radiate joy and excitement. With their infectious energy,

these volunteers create an atmosphere filled with laughter and learning, inspiring beautiful smiles and unforgettable memories for every child involved. Together, Colgate and TeamSmile are transforming lives, ensuring that underserved children across the nation not only receive quality dental care but also experience the delight of engaging, educational moments that uplift and empower their futures!
